

## Mismatch between Council Area and 2014 Health Board Area, National Records of Scotland (NRS) Postcode Extract 2014/1

The NRS postcode extract contains a number of postcodes introduced and deleted by Royal Mail, but never digitised by National Records of Scotland. As a result none of these postcodes have a grid reference.

Postcodes without a grid reference are difficult to manage so we've decided to assign a grid reference based on the centroid of the postcode sector, district and/or area they fall in. This allows us to provide future higher area assignments via a grid reference rather than being imputed manually. This will be a more consistent method, and brings it in line with what we currently do for digitised small user postcodes.

For the 2014/1 extract which has had the 2014 Health Board Area codes appended retrospectively there is a slight mismatch with some of these records.

The mismatch between Council Area and 2014 Health Board Area (HBA) has occurred because we've appended the new HBA code to the existing 2014/1 Extract rather than re-create a new version of 2014/1.

The table below provides information regarding the postcodes affected, the Council Area code provided in 2014/1 and the revised Council Area code
